

Section 1: The Indus River System and Sources

1. **The largest river in Pakistan is the:**
 - A) Jhelum
 - **B) Indus (Abaseen)**
 - C) Chenab
 - D) Ravi
2. **The Indus River originates from:**
 - A) The Arabian Sea
 - **B) Mansarovar Lake (Tibet)**
 - C) The Thar Desert
 - D) The Karakoram Pass
3. **Which of the following is a "left bank" tributary of the Indus?**
 - A) Kabul River
 - B) Gomai River
 - **C) Chenab River**
 - D) Kurram River
4. **The main source of water for Pakistan's rivers is:**
 - A) Groundwater
 - **B) Melting glaciers and Monsoons**
 - C) Desalination
 - D) Recycled water
5. **The "Panjnad" is the point where how many rivers meet?**
 - A) 3
 - **B) 5**
 - C) 2
 - D) 4
6. **The Kabul River joins the Indus River near:**
 - A) Sukkur
 - **B) Attock**
 - C) Mithankot
 - D) Kotri
7. **Pakistan's largest glacier is:**
 - A) Baltoro
 - **B) Siachen**
 - C) Biafo
 - D) Batura

8. **The area between two rivers is known as a:**
- A) Delta
 - **B) Doab**
 - C) Plateau
 - D) Basin
9. **The Indus River falls into the Arabian Sea near:**
- A) Gwadar
 - B) Pasni
 - **C) Karachi/Thatta**
 - D) Ormara
10. **The Sindh Sagar Doab is located between:**
- **A) Indus and Jhelum**
 - B) Ravi and Chenab
 - C) Sutlej and Beas
 - D) Jhelum and Chenab

Section 2: Dams and Reservoirs

11. **The largest earth-filled dam in the world is:**
- A) Mangla Dam
 - **B) Tarbela Dam**
 - C) Warsak Dam
 - D) Diamer-Bhasha Dam
12. **Mangla Dam is built on which river?**
- A) Indus
 - **B) Jhelum**
 - C) Chenab
 - D) Ravi
13. **The main purpose of a "Barrage" is to:**
- A) Generate electricity only
 - **B) Divert river water into canals**
 - C) Create a mountain lake
 - D) Store water for 10 years
14. **The Sukkur Barrage is built on the:**
- **A) Indus River**
 - B) Jhelum River
 - C) Hub River
 - D) Kabul River

15. **Which dam was built first in Pakistan?**
- A) Tarbela
 - B) Mangla
 - **C) Warsak**
 - D) Khanpur
16. **Tarbela Dam is located in which province?**
- **A) Khyber Pakhtunkhwa**
 - B) Punjab
 - C) Sindh
 - D) Balochistan
17. **The Hub Dam provides water to which city?**
- A) Lahore
 - B) Quetta
 - **C) Karachi**
 - D) Peshawar
18. **The primary benefit of dams for agriculture is:**
- A) Fish farming
 - **B) Regulated water supply for irrigation**
 - C) Increasing humidity
 - D) Cooling the land
19. **Rawal Dam is located near:**
- A) Multan
 - **B) Islamabad**
 - C) Hyderabad
 - D) Sialkot
20. **Which treaty governs the water distribution between Pakistan and India?**
- A) Simla Agreement
 - **B) Indus Waters Treaty (1960)**
 - C) Tashkent Declaration
 - D) Lahore Accord

Section 3: Irrigation and Groundwater

21. **The most common method of irrigation in Punjab is:**
- A) Karez
 - **B) Canals**
 - C) Drip irrigation

- D) Tankers
- 22. **"Karez" is a traditional irrigation system used in:**
 - A) Sindh
 - B) Punjab
 - **C) Balochistan**
 - D) KPK
- 23. **What is a "Tube-well"?**
 - A) A pipe for gas
 - **B) A machine to pump groundwater for farming**
 - C) A canal made of plastic
 - D) A type of dam
- 24. **The main problem caused by excessive irrigation without drainage is:**
 - A) Drought
 - **B) Waterlogging and Salinity (Sem and Thor)**
 - C) Earthquakes
 - D) Deforestation
- 25. **"Sem" refers to:**
 - **A) Waterlogging (Rise in water table)**
 - B) Salt on the land
 - C) Lack of rain
 - D) Clean water
- 26. **"Thor" refers to:**
 - A) Floods
 - **B) Salinity (Appearance of white salts on soil)**
 - C) Wind storms
 - D) Muddy water
- 27. **Perennial canals are those that:**
 - A) Flow only in summer
 - B) Flow only during rain
 - **C) Flow throughout the year**
 - D) Are used for drinking only
- 28. **Inundation canals flow only when:**
 - **A) The river level is high/flooded**
 - B) The pumps are turned on
 - C) It is winter
 - D) The moon is full

29. **Which province has the most extensive canal network?**
 - A) Sindh
 - **B) Punjab**
 - C) Balochistan
 - D) KPK
30. **Water located beneath the earth's surface is called:**
 - A) Surface water
 - **B) Groundwater**
 - C) Distilled water
 - D) Heavy water

Section 4: Rapid Fire Review (31-100)

31. **Total number of major rivers in Punjab? (Ans: 5)**
32. **River Beas was given to which country under the treaty? (Ans: India)**
33. **River Chenab was given to which country? (Ans: Pakistan)**
34. **What is an 'Aquifer'? (Ans: Underground layer of water-bearing rock)**
35. **The 'Gudu Barrage' is in which province? (Ans: Sindh)**
36. **Main crop irrigated by Indus water? (Ans: Wheat/Cotton/Rice)**
37. **Does Pakistan face water scarcity? (Ans: Yes)**
38. **What is 'Siltation' in dams? (Ans: Accumulation of sand/mud in the reservoir)**
39. **Impact of siltation? (Ans: Reduces water storage capacity)**
40. **What is 'Drip Irrigation'? (Ans: Watering plants drop by drop at the roots)**
41. **Is drip irrigation water-efficient? (Ans: Yes)**
42. **What is 'Sprinkler Irrigation'? (Ans: Watering plants like artificial rain)**
43. **What is a 'Headworks'? (Ans: Engineering structure to control water flow into canals)**
44. **Which river is called the 'Nile of Pakistan'? (Ans: Indus)**
45. **What is 'Potable Water'? (Ans: Water safe for drinking)**
46. **What is 'SCARP'? (Ans: Salinity Control and Reclamation Project)**
47. **Does deforestation increase floods? (Ans: Yes)**

48. **What is 'Rainwater Harvesting'? (Ans: Collecting and storing rain for later use)**
49. **Main cause of water pollution in Pakistan? (Ans: Industrial waste and Sewage)**
50. **What is the 'Indus Delta'? (Ans: Where the Indus meets the sea in a triangular shape)**
51. **Are glaciers essential for rivers? (Ans: Yes, they provide water in summer)**
52. **What is 'Global Warming's' effect on glaciers? (Ans: Rapid melting/Glacial Lake Outburst Floods - GLOF)**
53. **Which river passes through Lahore? (Ans: Ravi)**
54. **Which river passes through Jhelum city? (Ans: Jhelum)**
55. **Is the Chenab river used for hydroelectricity? (Ans: Yes)**
56. **What is 'Lined Canal'? (Ans: Canal with concrete walls to prevent seepage)**
57. **Benefit of lining canals? (Ans: Prevents water loss and waterlogging)**
58. **Where is Khanpur Dam? (Ans: Haripur, KPK)**
59. **Which river was dried up in Pakistan due to the treaty? (Ans: Sutlej/Ravi - mostly flow in India now)**
60. **Is water a renewable resource? (Ans: Yes, via the water cycle)**
61. **What is the 'Water Table'? (Ans: The upper level of underground water)**
62. **Does Karachi have enough water? (Ans: No, it faces a severe shortage)**
63. **Source of water for Simly Dam? (Ans: Soan River)**
64. **What is 'Desalination'? (Ans: Removing salt from sea water)**
65. **Is desalination common in Pakistan? (Ans: No, it is expensive)**
66. **What is a 'Small Dam'? (Ans: Dams built on seasonal streams for local use)**
67. **How does pollution affect fish? (Ans: Reduces oxygen/toxic chemicals kill them)**
68. **Is the Indus River used for transport? (Ans: Very limited, mostly for logs/small boats)**

69. **What is 'Evaporation'?** (Ans: **Water turning into vapor due to heat**)
70. **Does high temperature increase water loss?** (Ans: **Yes**)
71. **What is 'Transpiration'?** (Ans: **Loss of water from plant leaves**)
72. **What are 'Wetlands'?** (Ans: **Areas covered by water like marshes/swamps**)
73. **Famous wetland in Sindh?** (Ans: **Keenjhar Lake / Manchar Lake**)
74. **Is Manchar Lake the largest freshwater lake in Pakistan?** (Ans: **Yes**)
75. **What is 'Brackish Water'?** (Ans: **Slightly salty water**)
76. **Can salt water be used for irrigation?** (Ans: **No, it ruins the soil**)
77. **Is water essential for the Textile industry?** (Ans: **Yes**)
78. **What is 'Arid' climate?** (Ans: **Dry climate with very little rain**)
79. **How much water does a person need daily?** (Ans: **Approx. 50-100 liters for basic needs**)
80. **What is 'Hydro-electric Power'?** (Ans: **Electricity from falling water**)
81. **Is Hydel power cheaper than Thermal?** (Ans: **Yes, in the long run**)
82. **Does Pakistan have a Ministry of Water Resources?** (Ans: **Yes**)
83. **What is 'WAPDA'?** (Ans: **Water and Power Development Authority**)
84. **What is 'IRSA'?** (Ans: **Indus River System Authority**)
85. **Does climate change affect water?** (Ans: **Yes, changes rain patterns**)
86. **Is 'Mangrove' forest important?** (Ans: **Yes, protects coasts/Indus delta**)
87. **What is 'Flood Plain'?** (Ans: **Flat land near a river that gets flooded**)
88. **What is 'Seepage'?** (Ans: **Water leaking from canals into the ground**)
89. **Does seepage cause Sem (waterlogging)?** (Ans: **Yes**)
90. **Can we reuse wastewater?** (Ans: **Yes, after treatment**)

91. **What is 'Turbidity'? (Ans: Cloudiness of water due to particles)**
92. **Is Indus water shared with provinces? (Ans: Yes, under Water Apportionment Accord)**
93. **What is 'Tale-enders'? (Ans: Farmers at the end of a canal who often get less water)**
94. **Is water theft a problem in canals? (Ans: Yes)**
95. **Does cement industry use water? (Ans: Yes)**
96. **Is 'Heavy Water' used in Nuclear reactors? (Ans: Yes)**
97. **What is 'Kashmiri Doab'? (Ans: Area between Jhelum and Chenab)**
98. **Does 'Eutrophication' happen in lakes? (Ans: Yes, due to fertilizer runoff)**
99. **What is 'Sponge City'? (Ans: A city designed to absorb and reuse rainwater)**
100. **The ultimate goal of water management? (Ans: Food Security and Sustainability)**
